

## Supporting Ontario Infrastructure Investments and Lands

August 20, 2015 – Excess Soils Management – Multi-Ministry Meeting

Representatives from RCCAO, SOiil and CL:AIRE met with senior political staff from a number of Ontario Ministries on the issue of excess soils management and implications for a coordinated multi-ministry approach in Ontario. The focus of the meeting was Unlocking Ontario's Strategic Soil Resources. Minister Glen Murray spoke at the beginning of the meeting to indicate that Ontario needed to adopt a more integrated approach. He pointed out that reuse of soils would result in less truck traffic which would in turn would help to meet climate change targets of lower GHG emissions.
